

2017 pit stalls may be reserved beginning January 1st at a cost of \$75 for the regularly scheduled racing season. If you choose to reserve a stall it will be stenciled with your car number. Reserved stalls will not be honored during touring series events. It is requested that the late model parking occurs in stalls 1-17. Modifieds will be 18-35. Street stocks will be 36-44. Chargers and 4 cylinders will be permitted to park in stalls 45-104. Parking arrangements may be adjusted to accommodate car count but reserving a pit stall will lock in your spot. If you choose to reserve a spot please call or text Bill Hribar at 412-601-0425 before submitting payment to ensure your stall is not taken.
