**Re: 2023 NAAPWS Contingency Decal Diagram**

---

The photos below depict the “Official” 2023 NASCAR Advanced Auto Parts Weekly Series positioning for the contingency program decals.

**Per the 2023 NASCAR Advance Auto Parts Series Rule Book, all competitors must display the Series decal and contingency decals to be eligible for Series and Contingency year-end prize money awards payments.**

If your team chooses not to display a particular decal due to sponsor conflict, the decals located below the vacant position may ‘float’ upward, providing they remain relevant to the diagram below.

Remember that only approved NASCAR Contingency Program sponsor decals may be displayed on the front fender area as shown.
