JENNERSTOWN SPEEDWAY

ABOUT JENNERSTOWN SPEEDWAY

Jennerstown Speedway Complex originated in 1929 as Jenners Fairgrounds, a half mile dirt oval nestled in the picturesque Laurel Mountains of southwestern Pennsylvania. Throughout the following decades, it was a high banked, high speed dirt track, until it received a major upgrade in 1987. Amid NASCAR's rise in popularity, the paved .522 mile oval we see today was born. NASCAR's Busch North Series, Southeast Series, and more recently, the Whelen Modified Tour have all rubbed bumpers at the historic speedway. NASCAR champions Dale Earnhardt, Joey Logano, and Jimmie Johnson have all raced at Jennerstown, and rising Xfinity Series star Sammy Smith, and Cup Drivers Carson Hocevar, and Josh Berry have competed in races in the last couple years.

Jennerstown Speedway Complex prides itself on being an affordable, family-friendly facility that hosts thousands of race fans every Saturday from May to September. From billboards, race sponsorships, or even a company outing, we have options to fit everyone's advertising/marketing needs. Jennerstown Speedway is NASCAR sanctioned, broadcast live on fluoracing, and recognized throughout the racing community as a world class facility, one in which we would like you to be a part of.
